NOTE: This Insurance does not provide coverage caused by or resulting from a pre-existing or related condition whereby the Insured received medical treatment or required the use of medication during the 90 days preceding the date the Insured left their province of residence.

This exclusion does not apply to an Insured whose treatment was deemed by the treating physician or health care provider as a routine follow up examination.

This exclusion also does not apply to use of medication for a controlled and medically supervised condition, which was not medically compromised and whereby there was no change in either the medication or in frequency and usage, or dosage within the 90 days prior to departure.

Subject to a coverage restriction for travel to countries or regions that the Government of Canada (DFAIT) has issued an advisory to AVOID ALL TRAVEL.
